PROJECT WIN: BLUE FIN BUILDING

We're delighted to announce our latest project win at Blue Fin, delivering premium end-of-trip facilities designed to balance practicality with high-end finishes. The scheme features bespoke Alto Fenix cubicles, Corian vanity units, and Forza lockers, all crafted to create a sleek, functional space where commuters can refresh and recharge in style.

BAMBOO ARRIVAL

Our bamboo has arrived at the factory and is already being processed for production. As a fast-growing, renewable, and durable material, bamboo supports our commitment to building responsibly and creating high-quality spaces with sustainability in mind.

PRODUCT SPOTLIGHT

The Alto range from Washroom offers sleek, full-height cubicles with a seamless flush-front design, combining style, privacy, and quality for a refined, contemporary washroom finish.

PROJECT SHOWCASE

This project at Sherbourne House showcases the timeless design of the Alto range, featuring American Black Walnut veneer, matching slats, and Dekton Laos vanity tops. Warm tones and clean detailing create a refined, high-end washroom that reflects Alto's exceptional quality and craftsmanship.
