MENTAL HEALTH WEEK

Mental Health Awareness Week is a reminder to take care of our wellbeing and support one another. This week, we're updating our mental health posters around the office, encouraging everyone to wear green on Thursday, and taking a moment to connect through our "Tea & Talk" space. Sometimes, a simple conversation can make a big difference.

PRODUCT HIGHLIGHT

Green tones and tiled finishes continue to be a growing trend in workplace interiors, bringing a fresh, contemporary feel to washroom spaces. From feature tiling to natural material finishes, these details add colour, texture, and a more design-led approach to modern environments.

4 COLEMAN STREET END OF TRIP

A fresh new look with sustainability at its core. This end of trip features Alto Cito bamboo shower cubicles, green feature tiling, Corian vanity tops, and Octave lockers with digital locks, combining modern design with carefully selected materials to create a clean, contemporary space.

CUBICLE SYSTEM SPOTLIGHT

Alto Cito combines premium design with enhanced safety, featuring a full-height flush-fronted system with an integrated emergency release facility. Available in a range of high-quality finishes including bamboo, veneer, and laminate.
