

Aria Cubicles

Aria incorporates laminated MDF for all panels, providing greater durability while offering practicality and value for medium traffic areas in schools, commercial offices and the industrial sector.

Providing increased impact resistance, Aria cubicles are manufactured from high pressure laminate (HPL) bonded to 18mm MDF core, lipped with either matching laminate or corresponding PVC edging.

- ✓ Ideal for medium traffic areas in schools and office settings
- ✓ Laminated MDF construction offers design flexibility and durability
- ✓ High pressure laminate (HPL) available in a range of colours and finishes
- ✓ Suitable for toilet as well as dry changing for retail

Specifications
