

# Marcato HPL Cubicles

**Marcato HPL is a highly engineered bespoke cubicle solution designed with high-end projects in mind.**

Manufactured from laminated (HPL) 22mm MR MDF - vertical edges are rebated to create a flush finish with pilaster panels and doors meeting edge to edge for maximum privacy.

- ✓ Option to extend to a full height, floor-to-ceiling cubicle design for complete privacy
- ✓ Available in laminates from a range of collections and colours
- ✓ Flush design for a high specification finish
- ✓ Satin anodised aluminium flat bar headrail, full length channels and pedestal legs

# Specifications

# Marcato HPL Cubicles

## Pilasters and doors

Manufactured from 22mm MR MDF, edged in matching/complementing hardwood then faced in high pressure laminate (HPL). Vertical edges are then rebated to create the flush frontage.

## Partitions

18mm MR MDF faced on both sides with high pressure laminate (HPL) and then edges in either lipped in a matching HPL of 2mm PVC.

## Headrail

50 x 10mm SAA flat bar

## Fittings and door furniture

d line stainless steel indicator bolts, stainless steel fall closed hinges and coathook, full length channels and pedestal legs.

## Dimensions

**Height:** 2100mm as standard  
(full height up to 3000mm)

**Floor clearance:** 80mm

**Depth:** 1500mm

Floor to ceiling cubicles are available.

## Access considerations

Marcato cubicles are available in configurations to comply with approved Document M complete with outward opening doors.

A stainless steel pull handle is supplied to the outside face of all outward opening doors as standard.

Complementary grab rails are also available.
