

Silestone Vanity

Manufactured from 90% natural quartz, Silestone is highly durable and resistant to scratches. And with its low-level fluid absorption, anti-bacterial properties and stain resistance, Silestone is ideally suited to use as a washroom vanity.

Arpeggio Silestone vanities are available to specify in a range of over 60 stunning multi-faceted colours.

- ✓ Manufactured from 90% natural quartz – one of the world's hardest minerals
- ✓ It is non-porous and has natural antibacterial properties
- ✓ A highly durable material which is resistant to stains and scratches
- ✓ 60 shades to specify – from bold statement colours to those designed to resemble natural stone or concrete
